The Beatles get arrested!

November 29, 1960

Paul McCartney and Pete Best were arrested on suspicion of **arson**. They burned a hole in the wall of a room where they were staying . The room was in a nightclub and the owner of the nightclub had told them that he didn't want their band to perform there anymore. Paul and Pete were **deported** from Germany the next day!

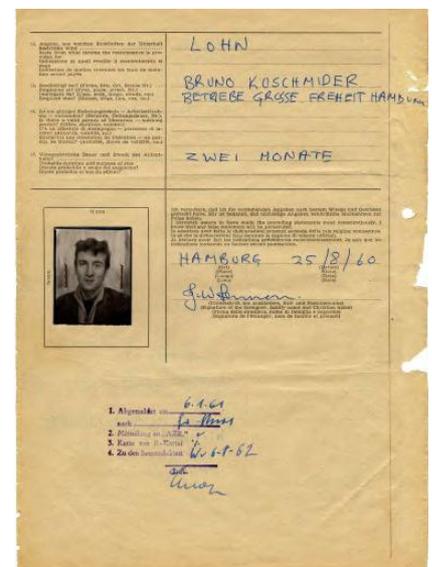

Word bank

Arson means intentionally setting fire to something.

In 1960 the UK was not part of the European Union. This meant that the Beatles had to fill in a VISA application to be allowed to go to Germany. Use the vocabulary bank below to help you to complete your own VISA application.

<p>Wie wirst du dich in Deutschland unterstützen?</p> <p>How will you support yourself in Germany?</p>	
<p>Beschäftigt (Firma, Ort, Straße)</p> <p>Employed (firm, place, Street)</p>	
<p>Hast du eine gültige Erlaubnis?</p> <p>Do you have a valid permit?</p>

The Beatles realised that they needed to have a good reputation to be successful. They also knew that they might want to go back and work in Germany in the future.

They decided to write a letter to say sorry. Find the letter on the first floor of the museum.
